PRODUCED BY **TTR** EUROWORKS FOR YOU!

4U (produced by TTR Euroworks) is a complete range of ten top quality thermal transfer ribbons that works for you: six for flat head and four for near edge printers. And they are all 100% recyclable. So 4U is good for you and for a sustainable world.

Interested? Ask your Authorised 4U TTReseller for more information and free samples.

Free samples boxes 4U

Flat head

W4U 100

ECONOMIC WAX

Unbeatable economical printing without making concessions to quality and printing performances.

W4U 120

SUPER PREMIUM WAX

The super premium resin-enhanced wax covers a wide variety of label stocks and is unique when it comes to edge definition for crisp, rotated barcodes and deep black, durable images.

Where other Waxes fail, W4U 120 does the job.

WR4U 200

PREMIUM WAX/RESIN

This Premium Wax/Resin is highly versatile and delivers exceptional print quality and abrasion resistance on a broad range of substrates, including rough and smooth surfaces.

WR4U 210

ECONOMIC WAX/RESIN

This unbeatable very economical Wax/Resin makes no concessions to quality, abrasion resistance and other printing performances on a versatile range of substrates, including rough and smooth surfaces.

R4U 300

PREMIUM RESIN

Premium Resin combines quality, competitiveness and performance. The super flexibility of this Formulation makes it suitable for chemical environments and other high-end applications that require permanent images.

RT4U 900

PREMIUM TEXTILE RESIN

Premium Textile Resin is specially designed for the Textile Care Label Printing Market. Durable printing image resistance against water washing, dry cleaning, stone wash, chemical washing and superior ironing resistance.

Near Edge

WR4U 400 NE

HIGH SPEED WAX/RESIN

High Speed Wax/Resin is the premium formulation for Near/Corner Edge printers (Flex Pack Industry). Its performance (speed, sensitivity, versatility, blackness) provides a perfectly adapted answer to a large majority of applications.

WR4U 410 NE

NEAR EDGE WAX/RESIN

This High Speed Premium Wax/Resin on 4µm film is designed for high economic use on near edge printers. A ribbon you can rely on for the future of inline and packaging printing and the benefit 4U: great overall cost savings!

R4U 600 NE

HIGH SPEED RESIN

High speed resin is a high performance resin ribbon for corner/near edge printers (Flex Pack Industry), designed for the most demanding applications regarding resistance to mechanical aggressions and/or temperature and/or solvents.

R4U 610 NE

STANDARD RESIN

High quality resin grade particularly designed for high heat resistance. The high density prints show excellent scratch and smudge resistance. Also excellent resistance to multiple chemicals. Low friction and anti-static back coat for printhead protection.
