

Data sheet

R4U 600 NE

Near-edge Resin

High-quality resin that produces durable images and barcodes. Prints have a high resistance to scratching and heat.

R4U600NE offers a great combination of speed and performance. It can be used for a wide range of applications and printers.

Characteristics

- + Heat, steam and chemical resistance
- + Excellent scratch resistance
- + Versatility for wide range of applications

Substrates

- + Coated paper
- + Uncoated paper
- + Synthetic paper
- + PET / polyester
- + Polypropylene (PP)
- + Polyethylene (PE)

Applications

- + Flexible packaging
- + Healthcare
- + Pharmaceutical
- + Logistics
- + Fresh fruit / produce
- + Electrical
- + Parts packaging

Technical specifications

Carrier	4.5µm
Color	Black
Ink melting point	80 °C (176 °F)
