

Data sheet

W4U 100

Flathead Wax

Our best choice for general purpose wax ribbon applications, producing consistent performance on a wide range of materials.

W4U100 is suited for printing on paper, to produce labels that do not need to withstand harsh conditions like rain or extreme temperatures. It is used for high blackness and fine definition barcode printing.

Characteristics

- + Low printing energy and anti-static formulation
- + Outstanding print quality and durable image
- + Applicable to various types of labels and tags
- + Coating technology for printhead protection

Substrates

- + Coated paper
- + Uncoated paper

Applications

- + Shipping
- + Shelf & bin
- + Food contact
- + Retail

Storage: Out of direct sunlight. Storage between temperatures of 5 °C to 35 °C (41 to 95°F) in dry conditions.

Technical specifications

Carrier	4.5µm
Color	Black
Max. print speed	280 mm/s (11 IPS)
Ink melting point	70 °C (158 °F)
